The BAY AREA HORSELESS CARRIAGE CLUB (BAHCC) was founded in 1950 by and for automobile antiquarians dedicated to the preservation of pre-1916 motor vehicles. The BAHCC is one of numerous Regional Groups of the Horseless Carriage Club of America, (HCCA) which has 4500 members worldwide. HCCA membership is required of all active touring BAHCC members, but is not required for "Associate" members. New membership into our club is invited.

GENERAL MEETINGS: First Wednesday at 7:30pm, monthly, (except July & December - no meeting) at the Piedmont Community Hall, 711 Highland Avenue, Piedmont, California. April and November are Potluck dinners starting at 6:30pm. Guests are always welcome. Special presentations at meetings.

BOARD MEETINGS: Monthly, see Calendar for schedule. All members welcome.

ADDRESS: c/o President. **PHONE:** c/o President.

WEBSITE: www.bahcc.org

The GASLIGHT GAZETTE is published 11 times per year, with one issue for the months of July and August. Permission to reproduce articles is granted provided credit is given to the original source.

President's Message

March 2022

Though we couldn't do some of our normal activities due to COVID (The Old Town Sacramento Trip one of them), February was a really fun month. The dry warm weather helped yes but more so the great enthusiasm of club members. Take a minute and note the copious smiles on member's faces from the Nuts and Bolts Session (at Whitney's on the 12th) and the Niles Canyon License Plate Swap Meet (at Gary's on the 19th). A great thanks to Whitney Haist, [Jim Lukash](#) and Jim Boyden for the Nuts and Bolts session and a huge thank you to Gary Mills for the swap meet. Looking ahead through March, there are so many fun events to look forward to!

Coming out of the Nuts and Bolts session we now have a new member, George Bertolotti! George attended the N&B session and contributed greatly to the event! Welcome George. Those at the session met for the first time, Orin Kerr who told of his childhood experiences with old cars at his grandfather's farm in New Jersey - a sign of a true old car enthusiast!

My February was filled with excitement and new trials and tribulations resulting in some tough lessons learned around attempts to bring in some new brass. The

key lesson for me that I will confess (it is embarrassingly obvious) and share with you has to do with becoming an informed consumer before purchasing a vehicle. I neglected to self-educate, rely on my own judgment and inspect, inspect, inspect everything! Club and forum experts are an incredible resource whose insights are usable if one is self-educated and only if applied to a thorough inspection regiment. The thrill of new brass was blinding and I overlooked the most obvious of tell-tale signs of poor conditions. I'll share a second of my hard-earned lessons and perhaps you might find it useful someday. I'll call the lesson "the WYSIWYG principle" (pronounced - wizz-e-wig) and stands for "what you see is what you get." Barn dust and decay of time aside, a car with visible signs of neglect will hold true through and through to all components, including things out of sight.

Green Brass Tour

Sunday, March 13, 2022

Greetings:

Join us for a casual tour of scenic back roads and green hills on this 35-mile +/- round trip. Bring your brass car or whatever you've got running.

Arrive as early as 9:00 for coffee & doughnuts and a 10 AM departure. Meet at 37645 2nd Street, Niles (Fremont) California, at Gary Mills' Garage. This is the *Old Firehouse*.

We'll take a short tour of Niles, then to Sunol to meet up with the Steam Train. Then Foothill Road to Dublin Canyon Road and onto Palomares Road, then back to Niles. *(Route subject to change.)*

Trailer parking available.

For questions and RSVP, please call...

... Tony Wollesen: (408) 406-6639 or Gary Mills: (510) 656-9192

ED ARCHER PRESENTING "RACING ON WOOD SPOKE WHEELS" A Very Special Event at the Candy Store April 9th 2022

Presented by the Candy Store Foundation as part of its mission
to enhance the appreciation and understanding of great automobiles.

Though we might know Ed best for his antique car racing exploits, Ed and Karen Archer live the pre-war life full-time, non-stop. They drive cars made before the first helicopter flight, before electric home refrigerators, and prior to World War I.

Ed works on most of his cars, does race preparation, and he and Karen have amassed award-winning fur coats, hats, suits, dresses, goggles, gloves, and everything the early 20th century had to offer including their house and furnishings.

The short list of the Archer's activities has included cross-country drives, a trip or two up Pikes Peak, the Baja 1000 in a 1909 Model T, racing at many of America's racetracks, some paved and some not, and countless car club events and tours.

Ed has not gone un-noticed for these endeavors. He has received every award offered by the Candy Store and is its longest serving board member. He has amassed many trophies including Excellence in Presentation at the Monterey and Sonoma Historic Races and Ford Motor Company's "Best Ford" twice at the Monterey races. The Archer's Old #4 plus both Karen and Ed have been inducted into the Model T Ford Club of America Speedster and Race Car Hall of Fame!

Ed has been active as a docent trainer at the California Auto Museum for decades and as a member and often president of many antique car clubs. If you don't have a picture of yourself with Ed, Karen and one of their cars, you are in the minority! Perhaps you have seen the Archers in publications such as Motor Trend, Automobile and a centerfold in Life Magazine. Ed might have some explaining to do on that one!

We look forward to you joining the fun at the Candy Store! 6PM, \$60 including dinner and drinks.
The Candy Store 1021 Burlingame Avenue, Burlingame

Register on MotorsportReg56: <https://tinyurl.com/woodwheels>

There are 50 seats reserved for guests for this program, first come, first served.

A note from Ed. Please accept this as your personal invitation to my presentation at the Candy Store in Burlingame. The main subject will be as the heading states but I'll also meander through my life's experiences and cover some of the stuff you wondered about but never asked because you didn't feel like listening to some long-winded story. Karen and I would love to see you there. Please note; If you have a problem with the link that's supposed to take you to registration, at the bottom of the invitation where it says "register with MotorsportReg56," just email or call me and I'll get you signed up.

The Little Axle Does It

WHENEVER a passenger-car is converted into a vehicle to carry a greater load, it is necessary to increase the final gear ratio between the engine and the rear wheels. The driving gear on the car drive-shaft must be made very small or the driven gear made so large that the axle casing to inclose the gear has not sufficient clearance from the ground.

C. R. Baker has invented an axle in which the load-carrying member is formed with a

hollow link, inside of which the driving pinion may project, as shown in the accompanying illustration, to give any desired ratio between the teeth of the two gears.

The driving pinion of the axle projects from a hollow link, giving any desired gear ratio

An Akron inventor has brought out a new type of axle that converts a passenger-car into a commercial vehicle. This is a great saving to owners of one car

Museum of the Horseless Carriage

Presents the

Brass II

1909
Thomas
Flyer* in
the current
home of
Museum
of the
Horseless
Carriage
at Gilmore

The Gilmore Car Museum, 6865 W Hickory Road, Hickory Corners, Michigan, will again be *the* place to be this summer for pre-1916 automobile, truck, motorcycle, and bicycle enthusiasts. The 2021 inaugural Celebration of Brass had over 100 cars displayed and driven at the beautiful Gilmore campus. Plan to join the fun, with or without a vintage vehicle, for the car show, swap meet, car games, educational demonstrations, on-site activities, and special events. On Friday evening there will be a presentation by Jeff Mahl featuring the famous New York to Paris Thomas Flyer. Don't miss the opportunity to see so many Brass Era cars in one location. And two and a half days of touring follows the events at Gilmore!

THURSDAY, JULY 14th

They Are Still Out There

By David Pava

Even though I was / am not actively looking – several times a week I briefly scan some on-line sources for selected antique autos and related stuff just to see what is available and what people are asking. Some of my favorite places to browse are Craig’s List, eBay Motors, Bring a Trailer, the Model T Forum plus the Facebook pages for the Horseless Carriage Club and Model T Ford Club of America.

Last week I discovered an unmolested, unrestored 1926 Ford TT “C” Cab 1 Ton Truck for sale on the MTFCA Facebook page. It was local, (in Coloma) priced right and I knew the person selling it (Steve E. a member of the Mother Lode Model T Club; who was helping a non-club member sell it). I met Steve – and within a few minutes committed to buying the truck. I plan to get it running, get the brakes working, restore the wheels and put new tires on it - and then do some cosmetic restoration – before it becomes drivable yard-art. It is a stock

As discovered

Model T under the hood with 20 HP - but has 16 speeds forward and eight in reverse (I think) and probably a top speed of about 25 MPH. They are still out there if you look.

Home - In my driveway

On the way home - crossing a 1915 bridge

Happy Birthday!

How To Keep From Growing Old

ALWAYS race with locomotives to crossings. Engineers like it; it breaks the monotony of their jobs.

Always pass the car ahead on curves or turns. Don't use horn, it may unnerve the fellow and cause him to turn out too far.

Demand half the road—the middle half. Insist on your rights.

Always speed; it shows them you are a man of pep even tho an amateur driver.

Never stop, look or listen at railroad crossings. It consumes time.

Always lock your brakes when skidding. It makes the job more artistic.

In sloppy weather drive close to pedestrians. Dry cleaners appreciate this.

Never look around when you back up; there is never anything behind you.

Drive confidently, just as tho there were not eighteen million other cars in service.

Welcome!

BAHCC General Meeting Minutes

February 2, 2022

Meeting started at 7:34.

11 attendees at start of meeting.

Trivia teaser: Who invented the windshield wiper?

Covid update (1918 Pandemic reenactment, Show Held over for its 3rd boffo year!)

New member: Orin Kerr (& wife Ainsley + Family).

Approving January minutes was moved and seconded.

Birthdays announced.

Old Business: None.

New Business:

Website progress is good, Birthdays and Anniversaries are on the new website. Decision made not to share birthdays due to identity theft concerns.

Gary Mills will have the ALPCA license plate meeting on Feb 19th and will be sponsored by Gary Mills. The Event will be In Niles. For information contact Gary Mills.

Terrible Tantrum T returns Feb 12 to finish the project at Whitney's Garage.. some disgruntled musings on the historical inaccuracies in the present configuration, but we are respecting the owner's (the museum's) wishes. Nuts and Bolts are pretty open for March and April.

Future events were discussed, but the Gazette editor does a better job of documenting that the secretary does so read the newsletter. (ha)

Club events: nuts and bolts appeal for projects.

Events calendar was presented, again the Gazette has the details!

Message: May 15th is the date of friendship day in Redwood City for the Mid-Peninsula car club. Concern was raised about conflicts with the Niles event on the same date. Decision made to list both, and let folks decide.

Ragtime Racers, pre 1921 race cars only. Middle August, same weekend as Pebble Beach swap meet. Try googling ragtime racers. Discussion of the hazards of racing a 1950 race car next to a 1915 Rajo Ford.

Meeting adjournment vote called at 8:13.

Mild case of Premature Adjournment, don't worry about it because that happens to everyone sometime...

Final topic: Still working on getting an ALEMEDA tour in, Dan will explore dates and finalize.

(Hopefully we will look back on this pandemic and laugh about our screens.)

Meeting successfully adjourned at 8:15

Trivia answer: Mary Anderson invented the windshield wiper.

Respectfully submitted,
BAHCC Secretary

BAHCC Board Meeting Minutes

February 16, 2022

You missed Valentine's Day if you are wondering why you are living in the garage since Monday.

Considering if March meeting will be in person or not on March 2nd. Where are our supplies? Where are the Coffee pot and such?

Nuts and Bolts- no new takers at the moment. May have to do some stand in activities. Vince O'Brien may have some projects to offer in the near future, perhaps April 9th? Like his REO. Perhaps future work on his friction drive Sears?

The Terrible Tantrum T gave us another new member. Much discussion of path forward on this project. Eric and Jim will solicit path forward suggestions via E-mail from the membership and plan a path forward.

Tours - many are coming, with the months close up having the most details and later months getting more conceptual.

March: Green Brass tour the 13th. (Gary & Tony)
Whitney Haist wine tasting, antiques tour 2 day event.

April: Possibly a tour by Eric Larson.
Tulare on the 22nd.

May: Blackhawk tour Ed and Mark will lead.
Possibly the Alameda tour?

June: 1&2 cylinder tour.
Nickel tour (Eric and Vince May go).
6 events near and far that month.

Ragtime Racers dates will be coming in from Ed Archer soon. Mark Cerruti suggested we all get matching Orange jumpsuits to attend a race. Jim pointed out the club could get them for free, as there were men working on the side of many roads willing to swap their Orange jumpsuits for whatever clothes you are wearing for free.

July - Penngrove Power & Implement Museum. A collection of large engines near Petaluma could be a tour opportunity near Eric Larson's house.

Website- making great progress (the opposite of Congress). Member's section is being put back in order, with resources for services, back issues of the gazette, tour packages, etc.. web URL will stay the same when it goes live. Some discussion about security issues. Discussion rambled over hill and dale, and crossed many mountains and rivers. In the end we are moving forward and will have a new website soon.

Late arriving E-mail from the museum of American History (MOAH) thanking the club for the efforts, and expressing

a desire to continue the working relationship between BAHCC and MOAH.

Question- does BAHCC want to continue to provide regular maintenance and help to the museum in this T? Board thinks so, what do you think?

Treasurer Report: Preparing taxes. Need to stay mindful of our club donations so we maintain our non profit status. Club needs to donate to 501(c)(3) for tax purposes. Gilmore HCC museum is a priority. It was also pointed out the Museum of American History (owners of the terrible tantrum T) also is a qualified place to possibly donate parts and get credit toward our non profit obligations.

Secretary Report: Well no one is complaining, then again no one is saying anything. Does anyone read the minutes or just look at Mark's cool newsletter images?

Discussion of membership ups and downs - a few have not sent in their dues yet, and we actually have gained some new members too.

We actually adjourned politely without resorting to virtual fisticuffs.

Respectfully Submitted,
The Secretary

HCCA NATIONAL NEWS

Re: General Members Meeting; Renewal Time; In the News; Calendar Update, Make Plans Now;
Issue: 2022-02-05 #03

- **HCCA General Members Meeting** – On Friday, February 25, 2022, at 6:00 PM, the HCCA General Members Meeting will be held prior to the closing banquet of the HCCA 2022 Convention and Tour, in Howey-In-The-Hills, Florida. This meeting is open to ALL members. Please plan to attend.
The Meeting agenda: Introduction of new officers, review of recent board meetings, presentation of awards, and member Q&A. A Zoom component will be available.
As a reminder, the HCCA is the only antique car club that allows, and encourages, members to attend all the Board of Directors meetings. The HCCA is YOUR club!
We look forward to seeing everyone who can attend.
- **As a Reminder** - It is Time to renew your HCCA Membership. Do it Today!
- **Alan Page's 1906 Model F Buick** – In the November 23, 2021 Wall Street Journal, *My Ride*, by A.J. Baime: "Justice Alan Page, 76, a retired Minnesota Supreme Court judge and member of the Pro Football Hall of Fame living in Minneapolis, on his 1906 Buick Model F . . ." Judge Page commented: "The 1906 Buick proved to be more interesting to drive than any other car I have driven – even the Dino Ferrari I once owned. In the Dino, you could get in, turn it on, and as long as you could shift gears, you could drive it. The Buick required far more learning and engagement, and you had to be on top of it all the time." Sounds like fun to me.
- **Calendar Update** – The latest from the HCCA Gazette and Website:
