President's Message:

The new normal - our world post COVID

It appears that things have indeed changed post COVID and will not revert back. In all aspects of our lives, we've had to adapt and by doing so have learned that some of these measures actually have real lasting value. I'd say the BAHCC family has come to appreciate some of the benefits of this new world of virtual meetings. We have now adapted and as we move forward into the new normal the way we conduct club business and events has changed permanently.

Thanks to Tony Wollesen, we pulled off our first 'hybrid' club meeting of members attending in person and through the Zoom application. By and large it went pretty well with some clear areas needing improvement; need for better microphones and a way to connect to the projector to get full color. I think we are onto something here! Nothing beats in-person get-togethers but for those that cannot make the trip, this is a really excellent option to stay connected. The ability of members who are not in town can now join in! Board meetings too I can foresee will largely be zoom-based where we can lead busy lives but still meet. An added benefit too is the ability to tap into online resources during board meetings as we conduct club meetings and investigate various topics in real time.

Tony and I have already been thinking about 3D! Can we do holograms perhaps? What other club events could benefit from a zoom element? The thought crossed our minds that we could experiment with Nuts and Bolts sessions but realizing it is hard to pass tools to a hologram (tools just fall to the floor), that idea has been shelved for now!

BAHCC General Meeting Minutes

March 2, 2022

Our first hybrid meeting attempt....

Anybody buy a new car?

More folks on zoom than ever...

Meeting opens at 7:31.

Meeting minutes at last meeting approved.

Tantrum T: Timing is off....

Best idea is to fix timing & perhaps return it to normal. Eric and Jim will work out a plan.

George Bertolotti is a new member, we welcome him and thank him for his help during nuts and bolts.

License Plate Meet was a big success. The plate dealers were not giving them away, but they were available. There was a lot of wheeling and dealing to be had. Thanks to ALPCA and Gary Mills.

Officers Report's were excessively boring even for the officers that made them. Summary: Things were done.

We need a microphone for the chair and one for the audience.

New Business:

Busy March ahead...

All the steam engines are broken at Niles. Despite that, Gary is planning a good time for all.

Splash Tour? Petaluma Washoe House. To the Dylan Beach overlook. Bodega Bay, Point Reyes Station. A stop at Vince O'Brien's house for desert.

The Santa Rosa group has at least 6 cars attending. Redwood Empire Model T Club may also join.

Pava Ice Cream Social Tour - details in the Gazette, it's a multi-club tour and will be fun.

April we are kinda, sort of, maybe thinking about a tour in Sonoma region.

Blackhawk Tour is first Sunday in May, flyer in the Gazette.

Tulare related events and tours, both before and after, all detailed in your Gazette. Rumor is next year's National Tour May end up there.

The big Paso Robles tour in the fall. Slots are going fast for the special hotel price, but only take the rooms if you plan to attend. This is a 4-club horseless carriage tour.

Birthdays were had, which is nice. Why so many birthdays in March? Well, it is 9 months after June, which is a favored wedding month.

Pandemic recovery, chair wants to go back to normal traditions of the club...

Website - New website is coming along.

Good of the club- no inputs.

Motion to adjourn and adjourned at 8:27 PM.

Jim Boyden is seeking an English wheel person, and Tony Wollesen has one. They will connect.

Respectfully Submitted,
The Secretary

Can You Identify This Chassis?

A friend sent me these pictures of a "bus" on the Mt. Tamalpais Railway in Mill Valley. It appears to be built on an auto or truck chassis. Can you identify it from the radiator?
