

Nuts & Bolts

November 2, 2024

Let's call this one Nuts and Bolts on Steroids. It's not just tires or magnetos or carburetors, it's an entire car! A 1921 Overland Touring, completely disassembled by a previous owner with good intentions. Things changed and the project died years ago. Now, the BAHCC N&B crew has been called to the rescue. For those that accept the challenge, a full BBQ lunch with beverages will be provided along with the opportunity to get some grease on your hands.

The plan is to sort through boxes of parts and put them together in such a way as to create an automobile! The goal is to have a rolling chassis by BBQ time. Come join in the fun.

The location is the LAST CHANCE GARAGE in Benicia. This is the home of the car collection of Russ and Bob Taft, well known organizers of Cars & Coffee events and good friends of antique autos in Contra Costa County.

The date is Saturday, 10/02/2024. Start time is 09:00.

Location is the Last Chance Garage, 4728 E. 2nd St. Benicia, CA 94510

RSVP to Whitney Haist haist2@comcast.net by Oct 30.
